

PORTABLE GRAPHING CO₂ SENSOR

Level	Color	Description
< 600 ppm	blue	Outdoor air
600 - 800 ppm	green	Fresh indoor air
800 - 1000 ppm	yellow	Indoor air, ventilate the room if possible, small possibility of virus transmission
1000 - 1400 ppm	orange	Stale indoor air, ventilate the room, cognition is impacted, possibility of virus transmission
> 1400 ppm	red	Heavily used indoor air, strong cognition impact, high possibility of virus transmission, ventilation needed.
